Vulnerable Road Users

Winkler County: SH 302

The study corridor begins 14,500 ft. East of CR 313 and ends 7,300 from the starting point. The roadway is a 3-lane undivided roadway with a speed limit of 65 MPH. The City of Kermit sits East of the study corridor, but the corridor itself is rural and located near oil fields. It is expected that this corridor sees a high number of freight trucks and transporters due to the oil fields in the surrounding areas.

Corridor Recommendations

Lighting

High Contrast Pavement Markings

Relocate Stop to Striped Island
